

Approach

- Following the official Microsoft exam objectives for 70-533, numbered from 1 to 6
- The sub-objectives are given decimal numbers 2.1, 2.2, 2.3, etc.
- The first week is about learning Objective 1 completely. That's 15-20% of the exam in week 1.
- The second week is about learning Objective 2 completely. That's 35-45% covered by week 2.
- The third week is about learning Objective 3 completely. That's 55-65% covered by week 3.
- The fourth week is about learning Objective 4 completely. That's 75-85% covered by week 3.
- The fifth week is about Objective 5 and 6. More practice with Azure, and ensuring 100% coverage.
- The sixth week is for redoing any assignments, taking practice tests, going over what you learned. Gaining confidence.
- And then you take the test.
